

## **AXIS Q6055-S PTZ Network Camera**

Outdoor-ready, stainless steel PTZ with HDTV 1080p and Zipstream

AXIS Q6055-S is a pressurized, marine-grade stainless steel PTZ camera with HDTV 1080p and 32x optical zoom. Fast and precise pan/tilt for wide area coverage and detailed surveillance at great distances. The high light sensitivity and day/night functionality ensure high image quality even in low-light conditions, while Axis Zipstream technology reduces bandwidth and storage requirements. The stainless steel casing gives high resistance to corrosion, cleaning chemicals and high-pressure steam. The casing can be filled with nitrogen to prevent internal condensation and create a non-flammable environment. The media converter switch enables daisy chain installation using standard network or fiber optic cables.

- > Marine-grade stainless steel casing for pressurized nitrogen
- > HDTV 1080p and 32x optical zoom
- > SFP slots for fiber, RJ45 connections
- > I/O for alarm in/out
- > Axis Zipstream
